1. Applicant is given **no new time period** if the non-compliant amendment is an after-final amendment or an amendment filed after allowance. If applicant wishes to resubmit the non-compliant after-final amendment with corrections, the **entire corrected amendment** must be resubmitted.
2. Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the correction, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a *Quayle* action. Continuation of 4(e) Other: 37 CFR 1.121(c) states "Amendments to a claim must be made by rewriting the entire claim with all changes (e.g., additions and deletions) as indicated in this subsection" and "All claims being currently amended in an amendment paper shall be presented in the claim listing, indicate a status of "currently amended," and be submitted with markings to indicate the changes that have been made relative to the immediate prior version of the claims. The text of any added subject matter must be shown by underlining the added text. The text of any deleted matter must be shown by strike-through except that double brackets placed before and after the deleted characters may be used to show deletion of five or fewer consecutive characters".

In the instant application, the amended claims submitted 6/15/07 do not include markings that indicate all of the changes that have been made relative to the immediate prior version of the claims. Specifically, each of claims 29, 39 and 49 do not indicate all of the changes between the version submitted 6/15/07 and the prior version of the claims submitted 10/4/06.

With respect to claim 29, the amended claim does not indicate the following changes:

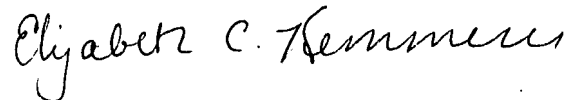

- (1) In the 10/4/06 version, the word "patched-2" was twice italicized. However, in the 6/15/07 version the word is not italicized in either location, and there are no markings to indicate this amendment.
- (2) In the 10/4/06 version, the recitation of "(1)" was deleted following the word "polypeptide" in line 2. However, in the 6/15/07 version, line 2 recites "polypeptide (1)" and there are no marking to indicate this amendment.
- (3) In the 10/4/06 version, the recitation of "from 1 to 5 conservatively substituted, added or deleted amino acid residues, and (2) which" was deleted from line 3. However, in the 6/15/07 version, line 3 includes this phrase, and there are no markings to indicate this amendment.

With respect to claim 39, the amended claim does not indicate the following changes:

- (1) In the 10/4/06 version, the word "patched-2" was twice italicized. However, in the 6/15/07 version the word is not italicized in either location, and there are no markings to indicate this amendment.
- (2) In the 10/4/06 version, the recitation of "(1)" was deleted following the word "polypeptide" in line 2. However, in the 6/15/07 version, line 2 recites "polypeptide (1)" and there are no marking to indicate this amendment.
- (3) In the 10/4/06 version, the recitation of "from 1 to 5 conservatively substituted, added or deleted amino acid residues, and (2) which" was deleted from line 3. However, in the 6/15/07 version, line 3 includes this phrase, and there are no markings to indicate this amendment.

With respect to claim 49, the amended claim does indicate the following change:

- (1) In the 10/4/06 version, the word "patched-2" was italicized. However, in the 6/15/07 version the word is not italicized in either location, and there are no markings to indicate this amendment.
